

Dear “Jehovah's Witnesses”:

The Watchtower organization, self-styled “Jehovah's Witnesses”, is an apostate cult. It is a high control group that fosters a unique puritanical culture of its own (thus “cult”), and it leads millions of people into apostasy from historical Christianity (thus “apostate”). Additionally it has amassed an extreme amount of blood-guilt in the most literal connotation possible.

It is responsible for untold scores of individual deaths by coercing its members into the refusal of any kind of medical treatment involving blood¹, only to later change its policy and allow numerous blood “fractions” which, when added up, sum to 100% blood. This confusing and life-threatening policy is based on a misinterpretation of Acts 15:29 (for context compare with 1 Corinthians 8).

This organization has previously banned vaccinations², discouraged medical drugs³, and carried on a campaign against aluminum cookware⁴ claiming it was the cause of all sorts of diseases. Pseudo-simultaneously this organization has supported eugenics⁵, the medical use of radium⁶, osteopathy⁷, and all manner of quack science⁸, thus encouraging the endangerment of lives and/or their willful destruction.

“The Scriptures show that if we are part of any organization that is bloodguilty before God, we must sever our ties with it if we do not want to share in its sins.” - United in Worship of the Only True God, 1983, p. 155.

I think that's the one piece of advice from this organization I'll actually follow...

I hereby disassociate myself from this dangerous life-threatening apostate cult known as “Jehovah's Witnesses”. I am a witness for Jehovah God, and this letter is a small part of my testimony. This organization is not of God. Its basic claim of being God's “sole channel” is absolutely false.

Sincerely
– Jonathan Lee
